Verse 1

You say that you're leaving
Well, that comes as no surprise
Still I kinda like this feelin'
Of being left behind

Verse 2

This ain't nothing new to me
Well, it's just like goin' home
It's kinda like those sunsets
That leave you feelin' so stoned

Chorus

Hey, hey, I guess it hasn't hit me yet
I fell through this crack and I kinda lost my head
I stand transfixed before this street light
Watching the snow fall on this cold December night

Intro guitar

Verse 3

Never thought this could happen
But somehow the feeling's gone
You got sick of the pattern
And I got lost in this song

Chorus (x2)

And out in the middle of the lake Ontario
(hold A chord)

Bridge

The same snow is falling
On the deep silent water
The great dark wonder
Into the waves of my heart
