## Verse 1 & 2

From what I've seen, you're magnificent  
You fight evil with all you do  
Your every act is spectacular  
It makes me lay here and love you

From what I hear, you are generous  
You make sunshine and glory too  
When you walk in things go luminous  
It makes me lay here and love you

## Solo

## Verse 3

From what I know, you're terrified  
You have mistrust running through you  
Your smile is hiding something hurtful  
It makes me lay here and love you

## Outro

It makes me lay here and love you  
I'm filled with violet and red and blue  
I have a feeling from what I do  
That you might lay there and love me C#/G/D too
