Verse1

The glove compartment is inaccurately named
And everybody knows it.
So I'm proposing a swift orderly change.

Chorus 1 (transition to verse 2 on A-)

Cause behind its door there's nothing to keep my fingers warm
And all I find are souvenirs from better times
Before the gleam of your taillights fading east
To find yourself a better life.

Verse 2 (longer one)

I was searching for some legal document
As the rain beat down on the hood
When I stumbled upon pictures I tried to forget
And that's how this idea was drilled into my head
Cause it's too important to stay the way it's been.

Chorus 2

There's no blame for how our love did slowly fade
And now that it's gone it's like it wasn't there at all
And here I rest where disappointment and regret collide
Lying awake at night

Repeat Chorus 2
