Verse 1

Here in line where the stupid shit collides
 With dying shooting stars
 All we got to show who we really are
 Is the same kind of scars
 And looking at you all I see is
 Your waiting for something

Chorus

Single file, you're a murder mile.
 You idiot kid, your arm's got a death in it.

Humming verse (1st half twice)

Verse 2

If your choking up take this paper cup
 But there's a price that you'll pay
 Trying hard to become whatever they are
 And say whatever they say
 So help yourself to this bitter pill, or somebody else will.

Chorus
