Verse 1

I'm waiting for a train
 A subway that only goes one way.
 The stupid thing that'll come to pull us apart
 And make everybody late.

Verse 2

You spent everything you had
 Wanted everything to stop that bad.
 Now I'm a crashed credit card registered to Smith
 Not the name that you're calling me with.

Instrumental Verse

Verse 3

You turned white like a saint
 I'm tired of dancin' on a pot of gold flaked paint.
 Oh we're so very precious you and I
 And everything that you do makes me wanna die
 Oh I just told the biggest lie.

I just told the biggest lie.
 The biggest lie.
