Verse 1 & 2

And though they were sad
 They rescued everyone
 They lifted up the sun
 A spoonful weighs a ton
 Giving more than they had
 The process had begun
 A million came from one
 The limits now were none

Bridge

Being drunk on their plan, they lifted up the sun

Instrumental Break

Verse 3

Forcing it off with their hands
 The trapdoor came undone
 Above our heads it swung
 The privilege had been won

Bridge

Being drunk on their plan, they lifted up the sun

Instrumental Break (extended)

Verse 4

Yelling as hard as they can
 The doubters all were stunned
 Heard louder than a gun
 The sound they made was love
