Verse 1

Well I've been making some cold calculations
regarding our body
It's not easy, believe me.

Verse 2

You liken me to a vampire
My left hand was wearing fake plastic teeth
All winter
I've taken you for all you were worth

Chorus

Well I'm afraid I'm not qualified to do any of these
things for you
Well I'm afraid I'm not gonna give you back any of
those kilojoules
Late nights and weekends our hearts only walk
slowly on the local track
So I've arranged for your phobias to be performed
by a string quartet

Verse 3

Shoot me one of those glances I need to interpret
I've been feeling well-rested and healthy

Chorus
