

Hot Chip – Boy From School

Verse (4/4)

Chorus (4/4)

Bridge (8/4)

Verse 1 & 2

And I was a boy from school
 Helplessly held in all the rules
 And there was a boy at school
 Hopelessly wrestling all his fools
 And there was a girl at school
 Blaming all the words she learned from home
 Nothing could keep her a child
 Long hours don't you know we try

Chorus

We try but we do have law
 We try but we don't belong
 We try but we do have law
 We try but we don't belong

Verse 3 & 4

Now I met you on the street
 Heartlessly breaking rules we meet
 Lives are found and loves are lost
 Say goodbye to nothing, everything cost
 Now I find you on my street
 Breaking rules hopelessly we meet
 Lives are found but loves are lost
 Say goodbye to everything, nothing cost

Chorus

Bridge (1x instrumental)

Bridge (1x vocal)

I got, I got lost (You said this was the way back)
 I got, I got lost (You said this was the way back)
 I got, I got lost (You said this was the way back)

Chorus (a capella/minimal guitar)
