

Ohbijou – Make it Gold

Capot 1.

Chorus 1&2, V1 & 2, end chorus

Solo to Peak Verse

Verse 1

Keep on
Moving never took so long
These legs are bricks and rip through sheets
Steaming underneath the clothes we wore, now on the floor it's true

Chorus

Bring back wickedness
Bring back temperaments
Bring back the wind that blew the fire into the woods
where I wait for you.

Verse 2

The nights are bare we kiss like thieves
The air is sharp in evergreens
I stretch
Like waters bring this ship to harbour
We'll brave this storm and come out new

Chorus

Solo

Blow the smoke and make it gold
Blow the smoke and make it gold
These songs get old, these songs get old
Blow the smoke and make it gold

Verse 1 (peak)

End chorus (fade)
