### Verse 1

It's getting late, the streets are empty.  
The building spark and then burn to the ground.  
In this eclipse the ghosts are hopeless.  
Shapes and frames trapped in the grasp of ice.  
Glowing, gloaming, I know nothing at all.

### Chorus

Oo oo, oo oo oo oo  
Young eyes ignite, burning city  
Oo oo, oo oo oo oo  
No time to stop, life's so busy.

### Verse 2

We'll spread this ash all down Yates St.  
Our relics pass in small gusts of wind.  
Our egos spill down dirty gutters  
We'll watch the sky fill with smoke and take it in.  
Glowing, gloaming, I know nothing at all.

### Chorus

Oo oo, oo oo oo oo  
Young eyes ignite, burning city  
Oo oo, oo oo oo oo  
No time to stop, life's so busy.
