## Intro (oo oo oo)

## Verse B (8/4)

## Bridge A (4/4)

## Bridge B (4/4) ("to observe you"...)

## Bridge B (4/4) (before repeating Verse 1)

### Intro

Oo oo oo oo, oo oo, oo oo.

### Verse 1

They came down 1988:

A thousand spacecraft like petals on the earth,  
And they had big eyes, and they watched like spies  
'Til they found someone who no one would believe.

### Verse 2

There you were in your underwear,  
All alone drawing comics for your church.  
And we took you up and we put you under,  
Placed you on a table for observation.

### Bridge

Give me a deep kiss, I am longing for distraction.  
Let me touch your tits, and keep you occupied.  
If this comes as some surprise, I am an alien.  
To observe you I must keep you stoned.

### Verse 3

There you lie with your make-up eyes,  
Staring past the one who could love you like a Christ.  
You see, that's just the way that it is up here,  
But I cannot meddle, I will not interfere.

### Bridge

Meet me in the park some time after the night comes.  
You will see a star that shines like silver,  
Smells like gold.  
Follow it through fields and hills and to the landing pad.  
You will give birth to an alien like me.

### Repeat Verse 1

Oo oo oo oo, oo oo, oo oo,  
On top of the Earth,  
An alien.
