Verse 1

We choke on a poison wind
 Well these sad eyes could tell the story.
 Walk along an empire's path
 And you said you'd come back again.
 But you talk to yourself
 Believing the fear that drives your greed.
 Then you discover the empty place
 A hollow world of instant pleasures.

Chorus

The way you were,
 So disturbed.
 What's your worth?
 What is it you heard?

Bridge

Try to smile as they devour our youth.

Verse 2

With a diamond eye you gaze
 At the blackened plains spread out beneath you.
 When the lights go out you'll see
 The world as you have never known it.
 And I talked to myself,
 Believing that you'd come back again.

Chorus

The way you were,
 So disturbed.
 What's your worth?
 What is it you heard?

Bridge

Try to smile as they devour our youth.
