## Verse 1A

I've been dragging around  
from the end of your coat for two weeks, Uh-huh.  
Everywhere you go is swirling,  
Everything you say has water under it. Uh-huh.

## Verse 1B

You know I keep your fingerprints  
in a pink folder in the middle of my table  
You're the tall kingdom I surround.  
I think I better follow you around.

## Chorus

You might need me more than you think you will  
Come on let me call you love, brainsy, brainsy, brainsy

## Verse 2

I've been dragging around  
from the end of your coat for two weeks. Uh-huh.  
You keep changing your fancy, fancy mind  
every time I decide to let it go  
I was up all night again,  
boning up and reading the American dictionary.  
You'll never believe me what I found.  
I think I better follow you around

## Chorus x2.
