Verse 1

Please don't say we're done when I'm not finished
'Cause I could give so much more.
Make you feel like never before
Welcome they said welcome to the floor.

Verse 2

It's been a while and you've found someone better
But I've been waiting too long to give this up
The more I see, I hear/understand
that sometimes, I still need you

Bridge (4x each)

Sometimes I still need you.

Instrumental Break Parts 1&2

Verse 3

I was struggling to get in
Left waiting outside your door
I was sure you'd give me more

Verse 4

No need to come to me
When I can make it all the way to you
You made it clear, you weren't near
Near enough for me.

Chorus

Heart skipped a beat
And when I caught it you were out of reach
But I'm sure, I'm sure you've heard it before.
