

U2 – Red Hill Mining Town

Tune D string up to E.
Capot 4.

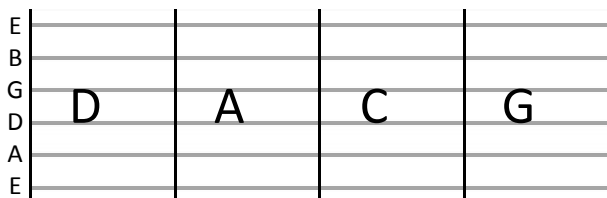

Intro

Verse

Chorus

Intro

From father to son, the blood runs thin.
See faces frozen still against the wind.

Verse 1A

The seam is split, the coal face cracked
The lines are long, there's no going back
Through hands of steel and heart of stone
Our labour day has come and gone

Verse B

Yeah you leave me holding on
In Red Hill town
See lights go down, I'm

Chorus

Hanging on, you're all that's left to hold on to.
I'm still waiting
I'm hanging on, you're all that's left to hold on to.

Verse 2

The glass is cut, the bottle run dry
Our love runs cold in the caverns of the night
We're wounded by fear, injured in doubt
I can lose myself, you I can't live without.

Verse B, Chorus

Verse 3

We'll scorch the earth, set fire to the sky
We stoop so low, to reach so high
A link is lost, the chain undone
We wait all day, for night to come
And it comes, like a hunter child.

Chorus

Outro (Chorus chords)

Love, slowly stripped away
Love, has seen its better day

Hanging on
The lights go out on Red Hill,
The lights go down on Red Hill,
Lights go down on Red Hill town.
The lights go down on Red Hill.
